Burlesque - Info Sheet

"BURLESQUE" are a six piece pop and soul funk-tion band and were founded in 2003. The band is a collective of accomplished musicians from different generations and musical backgrounds, plus two young energetic and extremely talented female lead vocalists.

The band members all came together with a single purpose; to use their vast and varied experience to become the best all-round wedding, party and function band based in the North East of Scotland at the present time. Using our combined talents we worked extremely hard to create a visual show that also fills the dance floor. We perform a great selection of songs from the sixties to the present day, please note we perform not just play!
